Apache-2.0

                            Apache License
                       Version 2.0, January 2004
                      http://www.apache.org/licenses/

    TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

    1. Definitions.

        "License" shall mean the terms and conditions for use,
reproduction,
        and distribution as defined by Sections 1 through 9 of this
document.

        "Licensor" shall mean the copyright owner or entity authorized
by
        the copyright owner that is granting the License.

        "Legal Entity" shall mean the union of the acting entity and
all
        other entities that control, are controlled by, or are under
common
        control with that entity. For the purposes of this definition,
        "control" means (i) the power, direct or indirect, to cause
the
        direction or management of such entity, whether by contract or
        otherwise, or (ii) ownership of fifty percent (50%) or more of
the
        outstanding shares, or (iii) beneficial ownership of such
entity.

        "You" (or "Your") shall mean an individual or Legal Entity
```

exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications,
including but not limited to software source code, documentation
source, and configuration files.

"Object" form shall mean any form resulting from mechanical
transformation or translation of a Source form, including but
not limited to compiled object code, generated documentation,
and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or
Object form, made available under the License, as indicated by a
copyright notice that is included in or attached to the work
(an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object
form, that is based on (or derived from) the Work and for which the
editorial revisions, annotations, elaborations, or other modifications
represent, as a whole, an original work of authorship. For the purposes
of this License, Derivative Works shall not include works that remain
separable from, or merely link (or bind by name) to the interfaces of,
the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including
the original version of the Work and any modifications or additions
to that Work or Derivative Works thereof, that is intentionally
submitted to Licensor for inclusion in the Work by the copyright owner
or by an individual or Legal Entity authorized to submit on behalf of
the copyright owner. For the purposes of this definition, "submitted"
means any form of electronic, verbal, or written communication sent
to the Licensor or its representatives, including but not limited to
communication on electronic mailing lists, source code control systems,
and issue tracking systems that are managed by, or on behalf of, the
Licensor for the purpose of discussing and improving the Work, but

excluding communication that is conspicuously marked or otherwise
designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity
on behalf of whom a Contribution has been received by Licensor and
subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of
this License, each Contributor hereby grants to You a perpetual,
worldwide, non-exclusive, no-charge, royalty-free, irrevocable
copyright license to reproduce, prepare Derivative Works of,
publicly display, publicly perform, sublicense, and distribute the
Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of
this License, each Contributor hereby grants to You a perpetual,
worldwide, non-exclusive, no-charge, royalty-free, irrevocable
(except as stated in this section) patent license to make, have made,
use, offer to sell, sell, import, and otherwise transfer the Work,
where such license applies only to those patent claims licensable
by such Contributor that are necessarily infringed by their
Contribution(s) alone or by combination of their Contribution(s)
with the Work to which such Contribution(s) was submitted. If You
institute patent litigation against any entity (including a
cross-claim or counterclaim in a lawsuit) alleging that the Work
or a Contribution incorporated within the Work constitutes direct
or contributory patent infringement, then any patent licenses
granted to You under this License for that Work shall terminate
as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the
Work or Derivative Works thereof in any medium, with or without
modifications, and in Source or Object form, provided that You
meet the following conditions:

(a) You must give any other recipients of the Work or

Derivative Works a copy of this License; and

      (b) You must cause any modified files to carry prominent
notices
          stating that You changed the files; and

      (c) You must retain, in the Source form of any Derivative
Works
          that You distribute, all copyright, patent, trademark, and
          attribution notices from the Source form of the Work,
          excluding those notices that do not pertain to any part of
          the Derivative Works; and

      (d) If the Work includes a "NOTICE" text file as part of its
          distribution, then any Derivative Works that You
distribute must
          include a readable copy of the attribution notices
contained
          within such NOTICE file, excluding those notices that do
not
          pertain to any part of the Derivative Works, in at least
one
          of the following places: within a NOTICE text file
distributed
          as part of the Derivative Works; within the Source form or
          documentation, if provided along with the Derivative
Works; or,
          within a display generated by the Derivative Works, if and
          wherever such third-party notices normally appear. The
contents
          of the NOTICE file are for informational purposes only and
          do not modify the License. You may add Your own
attribution
          notices within Derivative Works that You distribute,
alongside
          or as an addendum to the NOTICE text from the Work,
provided
          that such additional attribution notices cannot be
construed
          as modifying the License.

      You may add Your own copyright statement to Your modifications
and
      may provide additional or different license terms and
conditions
      for use, reproduction, or distribution of Your modifications,
or
      for any such Derivative Works as a whole, provided Your use,
      reproduction, and distribution of the Work otherwise complies
with
      the conditions stated in this License.

   5. Submission of Contributions. Unless You explicitly state
otherwise,

any Contribution intentionally submitted for inclusion in the Work
by You to the Licensor shall be under the terms and conditions of
this License, without any additional terms or conditions.
Notwithstanding the above, nothing herein shall supersede or modify
the terms of any separate license agreement you may have executed
with Licensor regarding such Contributions.

   6. Trademarks. This License does not grant permission to use the trade
      names, trademarks, service marks, or product names of the Licensor,
      except as required for reasonable and customary use in describing the
      origin of the Work and reproducing the content of the NOTICE file.

   7. Disclaimer of Warranty. Unless required by applicable law or
      agreed to in writing, Licensor provides the Work (and each
      Contributor provides its Contributions) on an "AS IS" BASIS,
      WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or
      implied, including, without limitation, any warranties or conditions
      of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A
      PARTICULAR PURPOSE. You are solely responsible for determining the
      appropriateness of using or redistributing the Work and assume any
      risks associated with Your exercise of permissions under this License.

   8. Limitation of Liability. In no event and under no legal theory,
      whether in tort (including negligence), contract, or otherwise,
      unless required by applicable law (such as deliberate and grossly
      negligent acts) or agreed to in writing, shall any Contributor be
      liable to You for damages, including any direct, indirect, special,
      incidental, or consequential damages of any character arising as a
      result of this License or out of the use or inability to use the
      Work (including but not limited to damages for loss of goodwill,
      work stoppage, computer failure or malfunction, or any and all
      other commercial damages or losses), even if such Contributor
      has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While
redistributing
      the Work or Derivative Works thereof, You may choose to offer,
      and charge a fee for, acceptance of support, warranty,
indemnity,
      or other liability obligations and/or rights consistent with
this
      License. However, in accepting such obligations, You may act
only
      on Your own behalf and on Your sole responsibility, not on
behalf
      of any other Contributor, and only if You agree to indemnify,
      defend, and hold each Contributor harmless for any liability
      incurred by, or claims asserted against, such Contributor by
reason
      of your accepting any such warranty or additional liability.

   END OF TERMS AND CONDITIONS

   APPENDIX: How to apply the Apache License to your work.

      To apply the Apache License to your work, attach the following
      boilerplate notice, with the fields enclosed by brackets "[]"
      replaced with your own identifying information. (Don't include
      the brackets!) The text should be enclosed in the appropriate
      comment syntax for the file format. We also recommend that a
      file or class name and description of purpose be included on
the
      same "printed page" as the copyright notice for easier
      identification within third-party archives.

This package contains a modified version of ca-bundle.crt:

ca-bundle.crt -- Bundle of CA Root Certificates

This is a bundle of X.509 certificates of public Certificate
Authorities
(CA). These were automatically extracted from Mozilla's root
certificates
file (certdata.txt). This file can be found in the mozilla source
tree:
https://hg.mozilla.org/mozilla-central/file/tip/security/nss/lib/
ckfw/builtins/certdata.txt
It contains the certificates in PEM format and therefore
can be directly used with curl / libcurl / php_curl, or with
an Apache+mod_ssl webserver for SSL client authentication.
Just configure this file as the SSLCACertificateFile.#

PYTHON SOFTWARE FOUNDATION LICENSE VERSION 2
----

1. This LICENSE AGREEMENT is between the Python Software Foundation
("PSF"), and the Individual or Organization ("Licensee") accessing
and
otherwise using this software ("Python") in source or binary form
and
its associated documentation.

2. Subject to the terms and conditions of this License Agreement, PSF
hereby grants Licensee a nonexclusive, royalty-free, world-wide
license to reproduce, analyze, test, perform and/or display publicly,
prepare derivative works, distribute, and otherwise use Python
alone or in any derivative version, provided, however, that PSF's
License Agreement and PSF's notice of copyright, i.e., "Copyright (c)

A RESULT OF MODIFYING, DISTRIBUTING, OR OTHERWISE USING PYTHON,
OR ANY DERIVATIVE THEREOF, EVEN IF ADVISED OF THE POSSIBILITY
THEREOF.

6. This License Agreement will automatically terminate upon a material
breach of its terms and conditions.

7. Nothing in this License Agreement shall be deemed to create any
relationship of agency, partnership, or joint venture between PSF and
Licensee. This License Agreement does not grant permission to use PSF
trademarks or trade name in a trademark sense to endorse or promote
products or services of Licensee, or any third party.

8. By copying, installing or otherwise using Python, Licensee

    TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

    1. Definitions.

        "License" shall mean the terms and conditions for use,
reproduction,
        and distribution as defined by Sections 1 through 9 of this
document.

        "Licensor" shall mean the copyright owner or entity authorized
by
        the copyright owner that is granting the License.

        "Legal Entity" shall mean the union of the acting entity and
all
        other entities that control, are controlled by, or are under
common
        control with that entity. For the purposes of this definition,
        "control" means (i) the power, direct or indirect, to cause
the
        direction or management of such entity, whether by contract or
        otherwise, or (ii) ownership of fifty percent (50%) or more of

"Object" form shall mean any form resulting from mechanical

not limited to compiled object code, generated documentation,
and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or
Object form, made available under the License, as indicated by
a
copyright notice that is included in or attached to the work
(an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or
Object
form, that is based on (or derived from) the Work and for
which the
editorial revisions, annotations, elaborations, or other
modifications
represent, as a whole, an original work of authorship. For the
purposes
of this License, Derivative Works shall not include works that
remain
separable from, or merely link (or bind by name) to the
interfaces of,
the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including
the original version of the Work and any modifications or
additions
to that Work or Derivative Works thereof, that is
intentionally
submitted to Licensor for inclusion in the Work by the
copyright owner
or by an individual or Legal Entity authorized to submit on
behalf of
the copyright owner. For the purposes of this definition,
"submitted"
means any form of electronic, verbal, or written communication
sent
to the Licensor or its representatives, including but not
limited to
communication on electronic mailing lists, source code control
systems,
and issue tracking systems that are managed by, or on behalf
of, the
Licensor for the purpose of discussing and improving the Work,
but
excluding communication that is conspicuously marked or
otherwise
designated in writing by the copyright owner as "Not a
Contribution."

"Contributor" shall mean Licensor and any individual or Legal

Entity
    on behalf of whom a Contribution has been received by Licensor
and
    subsequently incorporated within the Work.

  2. Grant of Copyright License. Subject to the terms and
conditions of
    this License, each Contributor hereby grants to You a
perpetual,
    worldwide, non-exclusive, no-charge, royalty-free, irrevocable
    copyright license to reproduce, prepare Derivative Works of,
    publicly display, publicly perform, sublicense, and distribute
the
    Work and such Derivative Works in Source or Object form.

  3. Grant of Patent License. Subject to the terms and conditions
of
    this License, each Contributor hereby grants to You a
perpetual,
    worldwide, non-exclusive, no-charge, royalty-free, irrevocable
    (except as stated in this section) patent license to make,
have made,
    use, offer to sell, sell, import, and otherwise transfer the
Work,
    where such license applies only to those patent claims
licensable
    by such Contributor that are necessarily infringed by their
    Contribution(s) alone or by combination of their
Contribution(s)
    with the Work to which such Contribution(s) was submitted. If
You
    institute patent litigation against any entity (including a
    cross-claim or counterclaim in a lawsuit) alleging that the
Work
    or a Contribution incorporated within the Work constitutes
direct
    or contributory patent infringement, then any patent licenses
    granted to You under this License for that Work shall
terminate
    as of the date such litigation is filed.

  4. Redistribution. You may reproduce and distribute copies of the
    Work or Derivative Works thereof in any medium, with or
without
    modifications, and in Source or Object form, provided that You
    meet the following conditions:

    (a) You must give any other recipients of the Work or
        Derivative Works a copy of this License; and

    (b) You must cause any modified files to carry prominent
notices
        stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative
Works
            that You distribute, all copyright, patent, trademark, and
            attribution notices from the Source form of the Work,
            excluding those notices that do not pertain to any part of
            the Derivative Works; and

        (d) If the Work includes a "NOTICE" text file as part of its
            distribution, then any Derivative Works that You
distribute must
            include a readable copy of the attribution notices
contained
            within such NOTICE file, excluding those notices that do
not
            pertain to any part of the Derivative Works, in at least
one
            of the following places: within a NOTICE text file
distributed
            as part of the Derivative Works; within the Source form or
            documentation, if provided along with the Derivative
Works; or,
            within a display generated by the Derivative Works, if and
            wherever such third-party notices normally appear. The
contents
            of the NOTICE file are for informational purposes only and
            do not modify the License. You may add Your own
attribution
            notices within Derivative Works that You distribute,
alongside
            or as an addendum to the NOTICE text from the Work,
provided
            that such additional attribution notices cannot be
construed
            as modifying the License.

        You may add Your own copyright statement to Your modifications
and
        may provide additional or different license terms and
conditions
        for use, reproduction, or distribution of Your modifications,
or
        for any such Derivative Works as a whole, provided Your use,
        reproduction, and distribution of the Work otherwise complies
with
        the conditions stated in this License.

    5. Submission of Contributions. Unless You explicitly state
otherwise,
        any Contribution intentionally submitted for inclusion in the
Work
        by You to the Licensor shall be under the terms and conditions
of
        this License, without any additional terms or conditions.
        Notwithstanding the above, nothing herein shall supersede or

modify
      the terms of any separate license agreement you may have
executed
      with Licensor regarding such Contributions.

   6. Trademarks. This License does not grant permission to use the
trade
      names, trademarks, service marks, or product names of the
Licensor,
      except as required for reasonable and customary use in
describing the
      origin of the Work and reproducing the content of the NOTICE
file.

   7. Disclaimer of Warranty. Unless required by applicable law or
      agreed to in writing, Licensor provides the Work (and each
      Contributor provides its Contributions) on an "AS IS" BASIS,
      WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express
or
      implied, including, without limitation, any warranties or
conditions
      of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A
      PARTICULAR PURPOSE. You are solely responsible for determining
the
      appropriateness of using or redistributing the Work and assume
any
      risks associated with Your exercise of permissions under this
License.

   8. Limitation of Liability. In no event and under no legal
theory,
      whether in tort (including negligence), contract, or
otherwise,
      unless required by applicable law (such as deliberate and
grossly
      negligent acts) or agreed to in writing, shall any Contributor
be
      liable to You for damages, including any direct, indirect,
special,
      incidental, or consequential damages of any character arising
as a
      result of this License or out of the use or inability to use
the
      Work (including but not limited to damages for loss of
goodwill,
      work stoppage, computer failure or malfunction, or any and all
      other commercial damages or losses), even if such Contributor
      has been advised of the possibility of such damages.

   9. Accepting Warranty or Additional Liability. While
redistributing
      the Work or Derivative Works thereof, You may choose to offer,
      and charge a fee for, acceptance of support, warranty,
indemnity,

or other liability obligations and/or rights consistent with this
License. However, in accepting such obligations, You may act only
on Your own behalf and on Your sole responsibility, not on behalf
of any other Contributor, and only if You agree to indemnify,
defend, and hold each Contributor harmless for any liability
incurred by, or claims asserted against, such Contributor by reason
of your accepting any such warranty or additional liability.

                   http://www.apache.org/licenses/

   TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

   1. Definitions.

       "License" shall mean the terms and conditions for use, reproduction,
       and distribution as defined by Sections 1 through 9 of this document.

       "Licensor" shall mean the copyright owner or entity authorized by
       the copyright owner that is granting the License.

       "Legal Entity" shall mean the union of the acting entity and all
       other entities that control, are controlled by, or are under common
       control with that entity. For the purposes of this definition,
       "control" means (i) the power, direct or indirect, to cause the
       direction or management of such entity, whether by contract or
       otherwise, or (ii) ownership of fifty percent (50%) or more of the
       outstanding shares, or (iii) beneficial ownership of such

entity.

"You" (or "Your") shall mean an individual or Legal Entity
exercising permissions granted by this License.

"Source" form shall mean the preferred form for making
modifications,
including but not limited to software source code,
documentation
source, and configuration files.

"Object" form shall mean any form resulting from mechanical
transformation or translation of a Source form, including but
not limited to compiled object code, generated documentation,
and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or
Object form, made available under the License, as indicated by
a
copyright notice that is included in or attached to the work
(an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or
Object
form, that is based on (or derived from) the Work and for
which the
editorial revisions, annotations, elaborations, or other
modifications
represent, as a whole, an original work of authorship. For the
purposes
of this License, Derivative Works shall not include works that
remain
separable from, or merely link (or bind by name) to the
interfaces of,
the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including
the original version of the Work and any modifications or
additions
to that Work or Derivative Works thereof, that is
intentionally
submitted to Licensor for inclusion in the Work by the
copyright owner
or by an individual or Legal Entity authorized to submit on
behalf of
the copyright owner. For the purposes of this definition,
"submitted"
means any form of electronic, verbal, or written communication
sent
to the Licensor or its representatives, including but not
limited to
communication on electronic mailing lists, source code control
systems,
and issue tracking systems that are managed by, or on behalf

of, the
Licensor for the purpose of discussing and improving the Work, but
excluding communication that is conspicuously marked or otherwise
designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity
on behalf of whom a Contribution has been received by Licensor and
subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of
this License, each Contributor hereby grants to You a perpetual,
worldwide, non-exclusive, no-charge, royalty-free, irrevocable
copyright license to reproduce, prepare Derivative Works of,
publicly display, publicly perform, sublicense, and distribute the
Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of
this License, each Contributor hereby grants to You a perpetual,
worldwide, non-exclusive, no-charge, royalty-free, irrevocable
(except as stated in this section) patent license to make, have made,
use, offer to sell, sell, import, and otherwise transfer the Work,
where such license applies only to those patent claims licensable
by such Contributor that are necessarily infringed by their
Contribution(s) alone or by combination of their Contribution(s)
with the Work to which such Contribution(s) was submitted. If You
institute patent litigation against any entity (including a
cross-claim or counterclaim in a lawsuit) alleging that the Work
or a Contribution incorporated within the Work constitutes direct
or contributory patent infringement, then any patent licenses
granted to You under this License for that Work shall terminate
as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the
Work or Derivative Works thereof in any medium, with or without
modifications, and in Source or Object form, provided that You

meet the following conditions:

        (a) You must give any other recipients of the Work or
            Derivative Works a copy of this License; and

        (b) You must cause any modified files to carry prominent
notices
            stating that You changed the files; and

        (c) You must retain, in the Source form of any Derivative
Works
            that You distribute, all copyright, patent, trademark, and
            attribution notices from the Source form of the Work,
            excluding those notices that do not pertain to any part of
            the Derivative Works; and

        (d) If the Work includes a "NOTICE" text file as part of its
            distribution, then any Derivative Works that You
distribute must
            include a readable copy of the attribution notices
contained
            within such NOTICE file, excluding those notices that do
not
            pertain to any part of the Derivative Works, in at least
one
            of the following places: within a NOTICE text file
distributed
            as part of the Derivative Works; within the Source form or
            documentation, if provided along with the Derivative
Works; or,
            within a display generated by the Derivative Works, if and
            wherever such third-party notices normally appear. The
contents
            of the NOTICE file are for informational purposes only and
            do not modify the License. You may add Your own
attribution
            notices within Derivative Works that You distribute,
alongside
            or as an addendum to the NOTICE text from the Work,
provided
            that such additional attribution notices cannot be
construed
            as modifying the License.

        You may add Your own copyright statement to Your modifications
and
        may provide additional or different license terms and
conditions
        for use, reproduction, or distribution of Your modifications,
or
        for any such Derivative Works as a whole, provided Your use,
        reproduction, and distribution of the Work otherwise complies
with
        the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise,
    any Contribution intentionally submitted for inclusion in the Work
    by You to the Licensor shall be under the terms and conditions of
    this License, without any additional terms or conditions.
    Notwithstanding the above, nothing herein shall supersede or modify
    the terms of any separate license agreement you may have executed
    with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade
    names, trademarks, service marks, or product names of the Licensor,
    except as required for reasonable and customary use in describing the
    origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or
    agreed to in writing, Licensor provides the Work (and each
    Contributor provides its Contributions) on an "AS IS" BASIS,
    WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or
    implied, including, without limitation, any warranties or conditions
    of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A
    PARTICULAR PURPOSE. You are solely responsible for determining the
    appropriateness of using or redistributing the Work and assume any
    risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory,
    whether in tort (including negligence), contract, or otherwise,
    unless required by applicable law (such as deliberate and grossly
    negligent acts) or agreed to in writing, shall any Contributor be
    liable to You for damages, including any direct, indirect, special,
    incidental, or consequential damages of any character arising as a
    result of this License or out of the use or inability to use the
    Work (including but not limited to damages for loss of goodwill,

work stoppage, computer failure or malfunction, or any and all
other commercial damages or losses), even if such Contributor
has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While
redistributing
the Work or Derivative Works thereof, You may choose to offer,
and charge a fee for, acceptance of support, warranty,
indemnity,
or other liability obligations and/or rights consistent with
this
License. However, in accepting such obligations, You may act
only
on Your own behalf and on Your sole responsibility, not on
behalf
of any other Contributor, and only if You agree to indemnify,
defend, and hold each Contributor harmless for any liability
incurred by, or claims asserted against, such Contributor by
reason
of your accepting any such warranty or additional liability.

APPENDIX: How to apply the Apache License to your work.

To apply the Apache License to your work, attach the following
boilerplate notice, with the fields enclosed by brackets "{}"
replaced with your own identifying information. (Don't include
the brackets!) The text should be enclosed in the appropriate
comment syntax for the file format. We also recommend that a
file or class name and description of purpose be included on
the
same "printed page" as the copyright notice for easier
identification within third-party archives.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction,
and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by
the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all
other entities that control, are controlled by, or are under common
control with that entity. For the purposes of this definition,
"control" means (i) the power, direct or indirect, to cause the
direction or management of such entity, whether by contract or
otherwise, or (ii) ownership of fifty percent (50%) or more of the
outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity
exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications,
including but not limited to software source code, documentation
source, and configuration files.

"Object" form shall mean any form resulting from mechanical
transformation or translation of a Source form, including but
not limited to compiled object code, generated documentation,
and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or
Object form, made available under the License, as indicated by a
copyright notice that is included in or attached to the work
(an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object
form, that is based on (or derived from) the Work and for which the
editorial revisions, annotations, elaborations, or other

modifications
      represent, as a whole, an original work of authorship. For the
purposes
      of this License, Derivative Works shall not include works that
remain
      separable from, or merely link (or bind by name) to the
interfaces of,
      the Work and Derivative Works thereof.

      "Contribution" shall mean any work of authorship, including
      the original version of the Work and any modifications or
additions
      to that Work or Derivative Works thereof, that is
intentionally
      submitted to Licensor for inclusion in the Work by the
copyright owner
      or by an individual or Legal Entity authorized to submit on
behalf of
      the copyright owner. For the purposes of this definition,
"submitted"
      means any form of electronic, verbal, or written communication
sent
      to the Licensor or its representatives, including but not
limited to
      communication on electronic mailing lists, source code control
systems,
      and issue tracking systems that are managed by, or on behalf
of, the
      Licensor for the purpose of discussing and improving the Work,
but
      excluding communication that is conspicuously marked or
otherwise
      designated in writing by the copyright owner as "Not a
Contribution."

      "Contributor" shall mean Licensor and any individual or Legal
Entity
      on behalf of whom a Contribution has been received by Licensor
and
      subsequently incorporated within the Work.

   2. Grant of Copyright License. Subject to the terms and
conditions of
      this License, each Contributor hereby grants to You a
perpetual,
      worldwide, non-exclusive, no-charge, royalty-free, irrevocable
      copyright license to reproduce, prepare Derivative Works of,
      publicly display, publicly perform, sublicense, and distribute
the
      Work and such Derivative Works in Source or Object form.

   3. Grant of Patent License. Subject to the terms and conditions
of
      this License, each Contributor hereby grants to You a

perpetual,
      worldwide, non-exclusive, no-charge, royalty-free, irrevocable
      (except as stated in this section) patent license to make,
have made,
      use, offer to sell, sell, import, and otherwise transfer the
Work,
      where such license applies only to those patent claims
licensable
      by such Contributor that are necessarily infringed by their
      Contribution(s) alone or by combination of their
Contribution(s)
      with the Work to which such Contribution(s) was submitted. If
You
      institute patent litigation against any entity (including a
      cross-claim or counterclaim in a lawsuit) alleging that the
Work
      or a Contribution incorporated within the Work constitutes
direct
      or contributory patent infringement, then any patent licenses
      granted to You under this License for that Work shall
terminate
      as of the date such litigation is filed.

   4. Redistribution. You may reproduce and distribute copies of the
      Work or Derivative Works thereof in any medium, with or
without
      modifications, and in Source or Object form, provided that You
      meet the following conditions:

      (a) You must give any other recipients of the Work or
          Derivative Works a copy of this License; and

      (b) You must cause any modified files to carry prominent
notices
          stating that You changed the files; and

      (c) You must retain, in the Source form of any Derivative
Works
          that You distribute, all copyright, patent, trademark, and
          attribution notices from the Source form of the Work,
          excluding those notices that do not pertain to any part of
          the Derivative Works; and

      (d) If the Work includes a "NOTICE" text file as part of its
          distribution, then any Derivative Works that You
distribute must
          include a readable copy of the attribution notices
contained
          within such NOTICE file, excluding those notices that do
not
          pertain to any part of the Derivative Works, in at least
one
          of the following places: within a NOTICE text file
distributed

as part of the Derivative Works; within the Source form or
documentation, if provided along with the Derivative
Works; or,
within a display generated by the Derivative Works, if and
wherever such third-party notices normally appear. The
contents
of the NOTICE file are for informational purposes only and
do not modify the License. You may add Your own
attribution
notices within Derivative Works that You distribute,
alongside
or as an addendum to the NOTICE text from the Work,
provided
that such additional attribution notices cannot be
construed
as modifying the License.

You may add Your own copyright statement to Your modifications
and
may provide additional or different license terms and
conditions
for use, reproduction, or distribution of Your modifications,
or
for any such Derivative Works as a whole, provided Your use,
reproduction, and distribution of the Work otherwise complies
with
the conditions stated in this License.

   5. Submission of Contributions. Unless You explicitly state
otherwise,
any Contribution intentionally submitted for inclusion in the
Work
by You to the Licensor shall be under the terms and conditions
of
this License, without any additional terms or conditions.
Notwithstanding the above, nothing herein shall supersede or
modify
the terms of any separate license agreement you may have
executed
with Licensor regarding such Contributions.

   6. Trademarks. This License does not grant permission to use the
trade
names, trademarks, service marks, or product names of the
Licensor,
except as required for reasonable and customary use in
describing the
origin of the Work and reproducing the content of the NOTICE
file.

   7. Disclaimer of Warranty. Unless required by applicable law or
agreed to in writing, Licensor provides the Work (and each
Contributor provides its Contributions) on an "AS IS" BASIS,
WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express

or
        implied, including, without limitation, any warranties or
conditions

the
        appropriateness of using or redistributing the Work and assume
any
        risks associated with Your exercise of permissions under this
License.

    8. Limitation of Liability. In no event and under no legal
theory,
        whether in tort (including negligence), contract, or
otherwise,
        unless required by applicable law (such as deliberate and
grossly
        negligent acts) or agreed to in writing, shall any Contributor
be
        liable to You for damages, including any direct, indirect,
special,
        incidental, or consequential damages of any character arising
as a
        result of this License or out of the use or inability to use
the
        Work (including but not limited to damages for loss of
goodwill,
        work stoppage, computer failure or malfunction, or any and all
        other commercial damages or losses), even if such Contributor
        has been advised of the possibility of such damages.

    9. Accepting Warranty or Additional Liability. While
redistributing
        the Work or Derivative Works thereof, You may choose to offer,
        and charge a fee for, acceptance of support, warranty,
indemnity,
        or other liability obligations and/or rights consistent with
this
        License. However, in accepting such obligations, You may act
only
        on Your own behalf and on Your sole responsibility, not on
behalf
        of any other Contributor, and only if You agree to indemnify,
        defend, and hold each Contributor harmless for any liability
        incurred by, or claims asserted against, such Contributor by
reason
        of your accepting any such warranty or additional liability.

      common
          control with that entity. For the purposes of this definition,
          "control" means (i) the power, direct or indirect, to cause
      the
          direction or management of such entity, whether by contract or
          otherwise, or (ii) ownership of fifty percent (50%) or more of
      the
          outstanding shares, or (iii) beneficial ownership of such
      entity.

          "You" (or "Your") shall mean an individual or Legal Entity
          exercising permissions granted by this License.

          "Source" form shall mean the preferred form for making
      modifications,
          including but not limited to software source code, documentation
          source, and configuration files.

          "Object" form shall mean any form resulting from mechanical
          transformation or translation of a Source form, including but
```

not limited to compiled object code, generated documentation,
and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or
Object form, made available under the License, as indicated by
a
copyright notice that is included in or attached to the work
(an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or
Object
form, that is based on (or derived from) the Work and for
which the
editorial revisions, annotations, elaborations, or other
modifications
represent, as a whole, an original work of authorship. For the
purposes
of this License, Derivative Works shall not include works that
remain
separable from, or merely link (or bind by name) to the
interfaces of,
the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including
the original version of the Work and any modifications or
additions
to that Work or Derivative Works thereof, that is
intentionally
submitted to Licensor for inclusion in the Work by the
copyright owner
or by an individual or Legal Entity authorized to submit on
behalf of
the copyright owner. For the purposes of this definition,
"submitted"
means any form of electronic, verbal, or written communication
sent
to the Licensor or its representatives, including but not
limited to
communication on electronic mailing lists, source code control
systems,
and issue tracking systems that are managed by, or on behalf
of, the
Licensor for the purpose of discussing and improving the Work,
but
excluding communication that is conspicuously marked or
otherwise
designated in writing by the copyright owner as "Not a
Contribution."

"Contributor" shall mean Licensor and any individual or Legal
Entity
on behalf of whom a Contribution has been received by Licensor
and
subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and
conditions of
      this License, each Contributor hereby grants to You a
perpetual,
      worldwide, non-exclusive, no-charge, royalty-free, irrevocable
      copyright license to reproduce, prepare Derivative Works of,
      publicly display, publicly perform, sublicense, and distribute
the
      Work and such Derivative Works in Source or Object form.

    3. Grant of Patent License. Subject to the terms and conditions
of
      this License, each Contributor hereby grants to You a
perpetual,
      worldwide, non-exclusive, no-charge, royalty-free, irrevocable
      (except as stated in this section) patent license to make,
have made,
      use, offer to sell, sell, import, and otherwise transfer the
Work,
      where such license applies only to those patent claims
licensable
      by such Contributor that are necessarily infringed by their
      Contribution(s) alone or by combination of their
Contribution(s)
      with the Work to which such Contribution(s) was submitted. If
You
      institute patent litigation against any entity (including a
      cross-claim or counterclaim in a lawsuit) alleging that the
Work
      or a Contribution incorporated within the Work constitutes
direct
      or contributory patent infringement, then any patent licenses
      granted to You under this License for that Work shall
terminate
      as of the date such litigation is filed.

    4. Redistribution. You may reproduce and distribute copies of the
      Work or Derivative Works thereof in any medium, with or
without
      modifications, and in Source or Object form, provided that You
      meet the following conditions:

      (a) You must give any other recipients of the Work or
          Derivative Works a copy of this License; and

      (b) You must cause any modified files to carry prominent
notices
          stating that You changed the files; and

      (c) You must retain, in the Source form of any Derivative
Works
          that You distribute, all copyright, patent, trademark, and
          attribution notices from the Source form of the Work,

excluding those notices that do not pertain to any part of
the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its
distribution, then any Derivative Works that You
distribute must
include a readable copy of the attribution notices
contained
within such NOTICE file, excluding those notices that do
not
pertain to any part of the Derivative Works, in at least
one
of the following places: within a NOTICE text file
distributed
as part of the Derivative Works; within the Source form or
documentation, if provided along with the Derivative
Works; or,
within a display generated by the Derivative Works, if and
wherever such third-party notices normally appear. The
contents
of the NOTICE file are for informational purposes only and
do not modify the License. You may add Your own
attribution
notices within Derivative Works that You distribute,
alongside
or as an addendum to the NOTICE text from the Work,
provided
that such additional attribution notices cannot be
construed
as modifying the License.

You may add Your own copyright statement to Your modifications
and
may provide additional or different license terms and
conditions
for use, reproduction, or distribution of Your modifications,
or
for any such Derivative Works as a whole, provided Your use,
reproduction, and distribution of the Work otherwise complies
with
the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state
otherwise,
any Contribution intentionally submitted for inclusion in the
Work
by You to the Licensor shall be under the terms and conditions
of
this License, without any additional terms or conditions.
Notwithstanding the above, nothing herein shall supersede or
modify
the terms of any separate license agreement you may have
executed
with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade
      names, trademarks, service marks, or product names of the Licensor,
      except as required for reasonable and customary use in describing the
      origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or
      agreed to in writing, Licensor provides the Work (and each
      Contributor provides its Contributions) on an "AS IS" BASIS,
      WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or
      implied, including, without limitation, any warranties or conditions
      of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A
      PARTICULAR PURPOSE. You are solely responsible for determining the
      appropriateness of using or redistributing the Work and assume any
      risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory,
      whether in tort (including negligence), contract, or otherwise,
      unless required by applicable law (such as deliberate and grossly
      negligent acts) or agreed to in writing, shall any Contributor be
      liable to You for damages, including any direct, indirect, special,
      incidental, or consequential damages of any character arising as a
      result of this License or out of the use or inability to use the
      Work (including but not limited to damages for loss of goodwill,
      work stoppage, computer failure or malfunction, or any and all
      other commercial damages or losses), even if such Contributor
      has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing
      the Work or Derivative Works thereof, You may choose to offer,
      and charge a fee for, acceptance of support, warranty, indemnity,
      or other liability obligations and/or rights consistent with this
      License. However, in accepting such obligations, You may act only

on Your own behalf and on Your sole responsibility, not on
behalf
       of any other Contributor, and only if You agree to indemnify,
       defend, and hold each Contributor harmless for any liability
       incurred by, or claims asserted against, such Contributor by
reason
       of your accepting any such warranty or additional liability.

    TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

    1. Definitions.

       "License" shall mean the terms and conditions for use,
reproduction,
       and distribution as defined by Sections 1 through 9 of this
document.

       "Licensor" shall mean the copyright owner or entity authorized
by
       the copyright owner that is granting the License.

       "Legal Entity" shall mean the union of the acting entity and
all
       other entities that control, are controlled by, or are under
common
       control with that entity. For the purposes of this definition,
       "control" means (i) the power, direct or indirect, to cause
the
       direction or management of such entity, whether by contract or
       otherwise, or (ii) ownership of fifty percent (50%) or more of
the
       outstanding shares, or (iii) beneficial ownership of such
entity.

       "You" (or "Your") shall mean an individual or Legal Entity
       exercising permissions granted by this License.

       "Source" form shall mean the preferred form for making
modifications,
       including but not limited to software source code,
documentation
       source, and configuration files.

       "Object" form shall mean any form resulting from mechanical
       transformation or translation of a Source form, including but
       not limited to compiled object code, generated documentation,

and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or
Object form, made available under the License, as indicated by
a
copyright notice that is included in or attached to the work
(an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or
Object
form, that is based on (or derived from) the Work and for
which the
editorial revisions, annotations, elaborations, or other
modifications
represent, as a whole, an original work of authorship. For the
purposes
of this License, Derivative Works shall not include works that
remain
separable from, or merely link (or bind by name) to the
interfaces of,
the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including
the original version of the Work and any modifications or
additions
to that Work or Derivative Works thereof, that is
intentionally
submitted to Licensor for inclusion in the Work by the
copyright owner
or by an individual or Legal Entity authorized to submit on
behalf of
the copyright owner. For the purposes of this definition,
"submitted"
means any form of electronic, verbal, or written communication
sent
to the Licensor or its representatives, including but not
limited to
communication on electronic mailing lists, source code control
systems,
and issue tracking systems that are managed by, or on behalf
of, the
Licensor for the purpose of discussing and improving the Work,
but
excluding communication that is conspicuously marked or
otherwise
designated in writing by the copyright owner as "Not a
Contribution."

"Contributor" shall mean Licensor and any individual or Legal
Entity
on behalf of whom a Contribution has been received by Licensor
and
subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and
conditions of
      this License, each Contributor hereby grants to You a
perpetual,
      worldwide, non-exclusive, no-charge, royalty-free, irrevocable
      copyright license to reproduce, prepare Derivative Works of,
      publicly display, publicly perform, sublicense, and distribute
the
      Work and such Derivative Works in Source or Object form.

   3. Grant of Patent License. Subject to the terms and conditions
of
      this License, each Contributor hereby grants to You a
perpetual,
      worldwide, non-exclusive, no-charge, royalty-free, irrevocable
      (except as stated in this section) patent license to make,
have made,
      use, offer to sell, sell, import, and otherwise transfer the
Work,
      where such license applies only to those patent claims
licensable
      by such Contributor that are necessarily infringed by their
      Contribution(s) alone or by combination of their
Contribution(s)
      with the Work to which such Contribution(s) was submitted. If
You
      institute patent litigation against any entity (including a
      cross-claim or counterclaim in a lawsuit) alleging that the
Work
      or a Contribution incorporated within the Work constitutes
direct
      or contributory patent infringement, then any patent licenses
      granted to You under this License for that Work shall
terminate
      as of the date such litigation is filed.

   4. Redistribution. You may reproduce and distribute copies of the
      Work or Derivative Works thereof in any medium, with or
without
      modifications, and in Source or Object form, provided that You
      meet the following conditions:

      (a) You must give any other recipients of the Work or
          Derivative Works a copy of this License; and

      (b) You must cause any modified files to carry prominent
notices
          stating that You changed the files; and

      (c) You must retain, in the Source form of any Derivative
Works
          that You distribute, all copyright, patent, trademark, and
          attribution notices from the Source form of the Work,
          excluding those notices that do not pertain to any part of

the Derivative Works; and

    (d) If the Work includes a "NOTICE" text file as part of its
        distribution, then any Derivative Works that You
distribute must
        include a readable copy of the attribution notices
contained
        within such NOTICE file, excluding those notices that do
not
        pertain to any part of the Derivative Works, in at least
one
        of the following places: within a NOTICE text file
distributed
        as part of the Derivative Works; within the Source form or
        documentation, if provided along with the Derivative
Works; or,
        within a display generated by the Derivative Works, if and
        wherever such third-party notices normally appear. The
contents
        of the NOTICE file are for informational purposes only and
        do not modify the License. You may add Your own
attribution
        notices within Derivative Works that You distribute,
alongside
        or as an addendum to the NOTICE text from the Work,
provided
        that such additional attribution notices cannot be
construed
        as modifying the License.

    You may add Your own copyright statement to Your modifications
and
    may provide additional or different license terms and
conditions
    for use, reproduction, or distribution of Your modifications,
or
    for any such Derivative Works as a whole, provided Your use,
    reproduction, and distribution of the Work otherwise complies
with
    the conditions stated in this License.

 5. Submission of Contributions. Unless You explicitly state
otherwise,
    any Contribution intentionally submitted for inclusion in the
Work
    by You to the Licensor shall be under the terms and conditions
of
    this License, without any additional terms or conditions.
    Notwithstanding the above, nothing herein shall supersede or
modify
    the terms of any separate license agreement you may have
executed
    with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade
      names, trademarks, service marks, or product names of the Licensor,
      except as required for reasonable and customary use in describing the
      origin of the Work and reproducing the content of the NOTICE file.

   7. Disclaimer of Warranty. Unless required by applicable law or
      agreed to in writing, Licensor provides the Work (and each
      Contributor provides its Contributions) on an "AS IS" BASIS,
      WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or
      implied, including, without limitation, any warranties or conditions
      of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A
      PARTICULAR PURPOSE. You are solely responsible for determining the
      appropriateness of using or redistributing the Work and assume any
      risks associated with Your exercise of permissions under this License.

   8. Limitation of Liability. In no event and under no legal theory,
      whether in tort (including negligence), contract, or otherwise,
      unless required by applicable law (such as deliberate and grossly
      negligent acts) or agreed to in writing, shall any Contributor be
      liable to You for damages, including any direct, indirect, special,
      incidental, or consequential damages of any character arising as a
      result of this License or out of the use or inability to use the
      Work (including but not limited to damages for loss of goodwill,
      work stoppage, computer failure or malfunction, or any and all
      other commercial damages or losses), even if such Contributor
      has been advised of the possibility of such damages.

   9. Accepting Warranty or Additional Liability. While redistributing
      the Work or Derivative Works thereof, You may choose to offer,
      and charge a fee for, acceptance of support, warranty, indemnity,
      or other liability obligations and/or rights consistent with this
      License. However, in accepting such obligations, You may act only
      on Your own behalf and on Your sole responsibility, not on

behalf
        of any other Contributor, and only if You agree to indemnify,
        defend, and hold each Contributor harmless for any liability
        incurred by, or claims asserted against, such Contributor by
reason
        of your accepting any such warranty or additional liability.

    END OF TERMS AND CONDITIONS

    APPENDIX: How to apply the Apache License to your work.

        To apply the Apache License to your work, attach the following
        boilerplate notice, with the fields enclosed by brackets "[]"
        replaced with your own identifying information. (Don't include
        the brackets!) The text should be enclosed in the appropriate
        comment syntax for the file format. We also recommend that a
        file or class name and description of purpose be included on
the
        same "printed page" as the copyright notice for easier
        identification within third-party archives.

    TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

    1. Definitions.

        "License" shall mean the terms and conditions for use,
reproduction,
        and distribution as defined by Sections 1 through 9 of this
document.

"Licensor" shall mean the copyright owner or entity authorized
by
the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and
all
other entities that control, are controlled by, or are under
common
control with that entity. For the purposes of this definition,
"control" means (i) the power, direct or indirect, to cause
the
direction or management of such entity, whether by contract or
otherwise, or (ii) ownership of fifty percent (50%) or more of
the
outstanding shares, or (iii) beneficial ownership of such
entity.

"You" (or "Your") shall mean an individual or Legal Entity
exercising permissions granted by this License.

"Source" form shall mean the preferred form for making
modifications,
including but not limited to software source code,
documentation
source, and configuration files.

"Object" form shall mean any form resulting from mechanical
transformation or translation of a Source form, including but
not limited to compiled object code, generated documentation,
and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or
Object form, made available under the License, as indicated by
a
copyright notice that is included in or attached to the work
(an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or
Object
form, that is based on (or derived from) the Work and for
which the
editorial revisions, annotations, elaborations, or other
modifications
represent, as a whole, an original work of authorship. For the
purposes
of this License, Derivative Works shall not include works that
remain
separable from, or merely link (or bind by name) to the
interfaces of,
the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including
the original version of the Work and any modifications or

additions
        to that Work or Derivative Works thereof, that is
intentionally
        submitted to Licensor for inclusion in the Work by the
copyright owner
        or by an individual or Legal Entity authorized to submit on
behalf of
        the copyright owner. For the purposes of this definition,
"submitted"
        means any form of electronic, verbal, or written communication
sent
        to the Licensor or its representatives, including but not
limited to
        communication on electronic mailing lists, source code control
systems,
        and issue tracking systems that are managed by, or on behalf
of, the
        Licensor for the purpose of discussing and improving the Work,
but
        excluding communication that is conspicuously marked or
otherwise
        designated in writing by the copyright owner as "Not a
Contribution."

        "Contributor" shall mean Licensor and any individual or Legal
Entity
        on behalf of whom a Contribution has been received by Licensor
and
        subsequently incorporated within the Work.

    2. Grant of Copyright License. Subject to the terms and
conditions of
        this License, each Contributor hereby grants to You a
perpetual,
        worldwide, non-exclusive, no-charge, royalty-free, irrevocable
        copyright license to reproduce, prepare Derivative Works of,
        publicly display, publicly perform, sublicense, and distribute
the
        Work and such Derivative Works in Source or Object form.

    3. Grant of Patent License. Subject to the terms and conditions
of
        this License, each Contributor hereby grants to You a
perpetual,
        worldwide, non-exclusive, no-charge, royalty-free, irrevocable
        (except as stated in this section) patent license to make,
have made,
        use, offer to sell, sell, import, and otherwise transfer the
Work,
        where such license applies only to those patent claims
licensable
        by such Contributor that are necessarily infringed by their
        Contribution(s) alone or by combination of their
Contribution(s)

with the Work to which such Contribution(s) was submitted. If You
      institute patent litigation against any entity (including a
      cross-claim or counterclaim in a lawsuit) alleging that the Work
      or a Contribution incorporated within the Work constitutes direct
      or contributory patent infringement, then any patent licenses
      granted to You under this License for that Work shall terminate
      as of the date such litigation is filed.

   4. Redistribution. You may reproduce and distribute copies of the
      Work or Derivative Works thereof in any medium, with or without
      modifications, and in Source or Object form, provided that You
      meet the following conditions:

      (a) You must give any other recipients of the Work or
          Derivative Works a copy of this License; and

      (b) You must cause any modified files to carry prominent notices
          stating that You changed the files; and

      (c) You must retain, in the Source form of any Derivative Works
          that You distribute, all copyright, patent, trademark, and
          attribution notices from the Source form of the Work,
          excluding those notices that do not pertain to any part of
          the Derivative Works; and

      (d) If the Work includes a "NOTICE" text file as part of its
          distribution, then any Derivative Works that You distribute must
          include a readable copy of the attribution notices contained
          within such NOTICE file, excluding those notices that do not
          pertain to any part of the Derivative Works, in at least one
          of the following places: within a NOTICE text file distributed
          as part of the Derivative Works; within the Source form or
          documentation, if provided along with the Derivative Works; or,
          within a display generated by the Derivative Works, if and
          wherever such third-party notices normally appear. The contents
          of the NOTICE file are for informational purposes only and
          do not modify the License. You may add Your own attribution
          notices within Derivative Works that You distribute, alongside

or as an addendum to the NOTICE text from the Work,
provided
          that such additional attribution notices cannot be
construed
          as modifying the License.

      You may add Your own copyright statement to Your modifications
and
      may provide additional or different license terms and
conditions
      for use, reproduction, or distribution of Your modifications,
or
      for any such Derivative Works as a whole, provided Your use,
      reproduction, and distribution of the Work otherwise complies
with
      the conditions stated in this License.

   5. Submission of Contributions. Unless You explicitly state
otherwise,
      any Contribution intentionally submitted for inclusion in the
Work
      by You to the Licensor shall be under the terms and conditions
of
      this License, without any additional terms or conditions.
      Notwithstanding the above, nothing herein shall supersede or
modify
      the terms of any separate license agreement you may have
executed
      with Licensor regarding such Contributions.

   6. Trademarks. This License does not grant permission to use the
trade
      names, trademarks, service marks, or product names of the
Licensor,
      except as required for reasonable and customary use in
describing the
      origin of the Work and reproducing the content of the NOTICE
file.

   7. Disclaimer of Warranty. Unless required by applicable law or
      agreed to in writing, Licensor provides the Work (and each
      Contributor provides its Contributions) on an "AS IS" BASIS,
      WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express
or
      implied, including, without limitation, any warranties or
conditions
      of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A
      PARTICULAR PURPOSE. You are solely responsible for determining
the
      appropriateness of using or redistributing the Work and assume
any
      risks associated with Your exercise of permissions under this
License.

8. Limitation of Liability. In no event and under no legal theory,
      whether in tort (including negligence), contract, or otherwise,
      unless required by applicable law (such as deliberate and grossly
      negligent acts) or agreed to in writing, shall any Contributor be
      liable to You for damages, including any direct, indirect, special,
      incidental, or consequential damages of any character arising as a
      result of this License or out of the use or inability to use the
      Work (including but not limited to damages for loss of goodwill,
      work stoppage, computer failure or malfunction, or any and all
      other commercial damages or losses), even if such Contributor
      has been advised of the possibility of such damages.

   9. Accepting Warranty or Additional Liability. While redistributing
      the Work or Derivative Works thereof, You may choose to offer,
      and charge a fee for, acceptance of support, warranty, indemnity,
      or other liability obligations and/or rights consistent with this
      License. However, in accepting such obligations, You may act only
      on Your own behalf and on Your sole responsibility, not on behalf
      of any other Contributor, and only if You agree to indemnify,
      defend, and hold each Contributor harmless for any liability
      incurred by, or claims asserted against, such Contributor by reason
      of your accepting any such warranty or additional liability.

   APPENDIX: How to apply the Apache License to your work.

      To apply the Apache License to your work, attach the following
      boilerplate notice, with the fields enclosed by brackets "[]"
      replaced with your own identifying information. (Don't include
      the brackets!) The text should be enclosed in the appropriate
      comment syntax for the file format. We also recommend that a
      file or class name and description of purpose be included on the
      same "printed page" as the copyright notice for easier
      identification within third-party archives.

       TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

       1. Definitions.

          "License" shall mean the terms and conditions for use,
    reproduction,
          and distribution as defined by Sections 1 through 9 of this
    document.

          "Licensor" shall mean the copyright owner or entity authorized
    by
          the copyright owner that is granting the License.

          "Legal Entity" shall mean the union of the acting entity and
    all
          other entities that control, are controlled by, or are under
    common
          control with that entity. For the purposes of this definition,
          "control" means (i) the power, direct or indirect, to cause
    the
          direction or management of such entity, whether by contract or
          otherwise, or (ii) ownership of fifty percent (50%) or more of
    the
          outstanding shares, or (iii) beneficial ownership of such
    entity.

          "You" (or "Your") shall mean an individual or Legal Entity
          exercising permissions granted by this License.

          "Source" form shall mean the preferred form for making
    modifications,
          including but not limited to software source code,
    documentation

source, and configuration files.

"Object" form shall mean any form resulting from mechanical
transformation or translation of a Source form, including but
not limited to compiled object code, generated documentation,
and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or
Object form, made available under the License, as indicated by
a
copyright notice that is included in or attached to the work
(an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or
Object
form, that is based on (or derived from) the Work and for
which the
editorial revisions, annotations, elaborations, or other
modifications
represent, as a whole, an original work of authorship. For the
purposes
of this License, Derivative Works shall not include works that
remain
separable from, or merely link (or bind by name) to the
interfaces of,
the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including
the original version of the Work and any modifications or
additions
to that Work or Derivative Works thereof, that is
intentionally
submitted to Licensor for inclusion in the Work by the
copyright owner
or by an individual or Legal Entity authorized to submit on
behalf of
the copyright owner. For the purposes of this definition,
"submitted"
means any form of electronic, verbal, or written communication
sent
to the Licensor or its representatives, including but not
limited to
communication on electronic mailing lists, source code control
systems,
and issue tracking systems that are managed by, or on behalf
of, the
Licensor for the purpose of discussing and improving the Work,
but
excluding communication that is conspicuously marked or
otherwise
designated in writing by the copyright owner as "Not a
Contribution."

"Contributor" shall mean Licensor and any individual or Legal

Entity
       on behalf of whom a Contribution has been received by Licensor
and
       subsequently incorporated within the Work.

    2. Grant of Copyright License. Subject to the terms and
conditions of
       this License, each Contributor hereby grants to You a
perpetual,
       worldwide, non-exclusive, no-charge, royalty-free, irrevocable
       copyright license to reproduce, prepare Derivative Works of,
       publicly display, publicly perform, sublicense, and distribute
the
       Work and such Derivative Works in Source or Object form.

    3. Grant of Patent License. Subject to the terms and conditions
of
       this License, each Contributor hereby grants to You a
perpetual,
       worldwide, non-exclusive, no-charge, royalty-free, irrevocable
       (except as stated in this section) patent license to make,
have made,
       use, offer to sell, sell, import, and otherwise transfer the
Work,
       where such license applies only to those patent claims
licensable
       by such Contributor that are necessarily infringed by their
       Contribution(s) alone or by combination of their
Contribution(s)
       with the Work to which such Contribution(s) was submitted. If
You
       institute patent litigation against any entity (including a
       cross-claim or counterclaim in a lawsuit) alleging that the
Work
       or a Contribution incorporated within the Work constitutes
direct
       or contributory patent infringement, then any patent licenses
       granted to You under this License for that Work shall
terminate
       as of the date such litigation is filed.

    4. Redistribution. You may reproduce and distribute copies of the
       Work or Derivative Works thereof in any medium, with or
without
       modifications, and in Source or Object form, provided that You
       meet the following conditions:

       (a) You must give any other recipients of the Work or
           Derivative Works a copy of this License; and

       (b) You must cause any modified files to carry prominent
notices
           stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative
Works
            that You distribute, all copyright, patent, trademark, and
            attribution notices from the Source form of the Work,
            excluding those notices that do not pertain to any part of
            the Derivative Works; and

        (d) If the Work includes a "NOTICE" text file as part of its
            distribution, then any Derivative Works that You
distribute must
            include a readable copy of the attribution notices
contained
            within such NOTICE file, excluding those notices that do
not
            pertain to any part of the Derivative Works, in at least
one
            of the following places: within a NOTICE text file
distributed
            as part of the Derivative Works; within the Source form or
            documentation, if provided along with the Derivative
Works; or,
            within a display generated by the Derivative Works, if and
            wherever such third-party notices normally appear. The
contents
            of the NOTICE file are for informational purposes only and
            do not modify the License. You may add Your own
attribution
            notices within Derivative Works that You distribute,
alongside
            or as an addendum to the NOTICE text from the Work,
provided
            that such additional attribution notices cannot be
construed
            as modifying the License.

        You may add Your own copyright statement to Your modifications
and
        may provide additional or different license terms and
conditions
        for use, reproduction, or distribution of Your modifications,
or
        for any such Derivative Works as a whole, provided Your use,
        reproduction, and distribution of the Work otherwise complies
with
        the conditions stated in this License.

    5. Submission of Contributions. Unless You explicitly state
otherwise,
        any Contribution intentionally submitted for inclusion in the
Work
        by You to the Licensor shall be under the terms and conditions
of
        this License, without any additional terms or conditions.
        Notwithstanding the above, nothing herein shall supersede or

modify
        the terms of any separate license agreement you may have
executed
        with Licensor regarding such Contributions.

    6. Trademarks. This License does not grant permission to use the
trade
        names, trademarks, service marks, or product names of the
Licensor,
        except as required for reasonable and customary use in
describing the
        origin of the Work and reproducing the content of the NOTICE
file.

    7. Disclaimer of Warranty. Unless required by applicable law or
        agreed to in writing, Licensor provides the Work (and each
        Contributor provides its Contributions) on an "AS IS" BASIS,
        WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express
or
        implied, including, without limitation, any warranties or
conditions
        of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A
        PARTICULAR PURPOSE. You are solely responsible for determining
the
        appropriateness of using or redistributing the Work and assume
any
        risks associated with Your exercise of permissions under this
License.

    8. Limitation of Liability. In no event and under no legal
theory,
        whether in tort (including negligence), contract, or
otherwise,
        unless required by applicable law (such as deliberate and
grossly
        negligent acts) or agreed to in writing, shall any Contributor
be
        liable to You for damages, including any direct, indirect,
special,
        incidental, or consequential damages of any character arising
as a
        result of this License or out of the use or inability to use
the
        Work (including but not limited to damages for loss of
goodwill,
        work stoppage, computer failure or malfunction, or any and all
        other commercial damages or losses), even if such Contributor
        has been advised of the possibility of such damages.

    9. Accepting Warranty or Additional Liability. While
redistributing
        the Work or Derivative Works thereof, You may choose to offer,
        and charge a fee for, acceptance of support, warranty,
indemnity,

or other liability obligations and/or rights consistent with this
      License. However, in accepting such obligations, You may act only
      on Your own behalf and on Your sole responsibility, not on behalf
      of any other Contributor, and only if You agree to indemnify,
      defend, and hold each Contributor harmless for any liability
      incurred by, or claims asserted against, such Contributor by reason
      of your accepting any such warranty or additional liability.

Version 2.0, January 2004

REPRODUCTION, AND DISTRIBUTION
   1. Definitions.

      "License" shall mean the terms and conditions for use,
reproduction, and distribution as defined by Sections 1 through 9 of
this document.

      "Licensor" shall mean the copyright owner or entity authorized
by the copyright owner that is granting the License.

      "Legal Entity" shall mean the union of the acting entity and
all other entities that control, are controlled by, or are under
common control with that entity. For the purposes of this
definition, "control" means (i) the power, direct or indirect, to
cause the direction or management of such entity, whether by
contract or otherwise, or (ii) ownership of fifty percent (50%) or
more of the outstanding shares, or (iii) beneficial ownership of
such entity.

      "You" (or "Your") shall mean an individual or Legal Entity
exercising permissions granted by this License.

      "Source" form shall mean the preferred form for making
modifications, including but not limited to software source code,
documentation source, and configuration files.

      "Object" form shall mean any form resulting from mechanical
transformation or translation of a Source form, including but not
limited to compiled object code, generated documentation, and
conversions to other media types.
```

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.
  2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.
  3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.
  4. Redistribution. You may reproduce and distribute copies of the

Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this

License.
   8. Limitation of Liability. In no event and under no legal
theory, whether in tort (including negligence), contract, or
otherwise, unless required by applicable law (such as deliberate and
grossly negligent acts) or agreed to in writing, shall any
Contributor be liable to You for damages, including any direct,
indirect, special, incidental, or consequential damages of any
character arising as a result of this License or out of the use or
inability to use the Work (including but not limited to damages for
loss of goodwill, work stoppage, computer failure or malfunction, or
any and all other commercial damages or losses), even if such
Contributor has been advised of the possibility of such damages.
   9. Accepting Warranty or Additional Liability. While
redistributing the Work or Derivative Works thereof, You may choose
to offer, and charge a fee for, acceptance of support, warranty,
indemnity, or other liability obligations and/or rights consistent
with this License. However, in accepting such obligations, You may
act only on Your own behalf and on Your sole responsibility, not on
behalf of any other Contributor, and only if You agree to indemnify,
defend, and hold each Contributor harmless for any liability
incurred by, or claims asserted against, such Contributor by reason
of your accepting any such warranty or additional liability. END OF
TERMS AND CONDITIONS
APPENDIX: How to apply the Apache License to your work.
To apply the Apache License to your work, attach the following
boilerplate notice, with the fields enclosed by brackets "[]"
replaced with your own identifying information. (Don't include the
brackets!) The text should be enclosed in the appropriate comment
syntax for the file format. We also recommend that a file or class
name and description of purpose be included on the same "printed
page" as the copyright notice for easier identification within
third-party archives.

Mozilla Public License 2.0
Mozilla Public License Version 2.0
   1. Definitions
      1.1. "Contributor" means each individual or legal entity that
creates, contributes to the creation of, or owns Covered Software.
      1.2. "Contributor Version" means the combination of the
Contributions of others (if any) used by a Contributor and that
particular Contributor's Contribution.
      1.3. "Contribution" means Covered Software of a particular
Contributor.
      1.4. "Covered Software" means Source Code Form to which the

initial Contributor has attached the notice in Exhibit A, the
Executable Form of such Source Code Form, and Modifications of such
Source Code Form, in each case including portions thereof.
  1.5. "Incompatible With Secondary Licenses" means
   (a) that the initial Contributor has attached the notice
described in Exhibit B to the Covered Software; or
   (b) that the Covered Software was made available under the
terms of version 1.1 or earlier of the License, but not also under
the terms of a Secondary License.
  1.6. "Executable Form" means any form of the work other than
Source Code Form.
  1.7. "Larger Work" means a work that combines Covered Software
with other material, in a separate file or files, that is not
Covered Software.
  1.8. "License" means this document.
  1.9. "Licensable" means having the right to grant, to the
maximum extent possible, whether at the time of the initial grant or
subsequently, any and all of the rights conveyed by this License.
  1.10. "Modifications" means any of the following:
   (a) any file in Source Code Form that results from an
addition to, deletion from, or modification of the contents of
Covered Software; or
   (b) any new file in Source Code Form that contains any
Covered Software.
  1.11. "Patent Claims" of a Contributor means any patent
claim(s), including without limitation, method, process, and
apparatus claims, in any patent Licensable by such Contributor that
would be infringed, but for the grant of the License, by the making,
using, selling, offering for sale, having made, import, or transfer
of either its Contributions or its Contributor Version.
  1.12. "Secondary License" means either the GNU General Public
License, Version 2.0, the GNU Lesser General Public License, Version
2.1, the GNU Affero General Public License, Version 3.0, or any
later versions of those licenses.
  1.13. "Source Code Form" means the form of the work preferred
for making modifications.
  1.14. "You" (or "Your") means an individual or a legal entity
exercising rights under this License. For legal entities, "You"
includes any entity that controls, is controlled by, or is under
common control with You. For purposes of this definition, "control"
means (a) the power, direct or indirect, to cause the direction or
management of such entity, whether by contract or otherwise, or (b)
ownership of more than fifty percent (50%) of the outstanding shares
or beneficial ownership of such entity.
 2. License Grants and Conditions
  2.1. Grants
  Each Contributor hereby grants You a world-wide, royalty-free,
non-exclusive license:
   (a) under intellectual property rights (other than patent
or trademark) Licensable by such Contributor to use, reproduce, make
available, modify, display, perform, distribute, and otherwise
exploit its Contributions, either on an unmodified basis, with
Modifications, or as part of a Larger Work; and
   (b) under Patent Claims of such Contributor to make, use,

sell, offer for sale, have made, import, and otherwise transfer
either its Contributions or its Contributor Version.
    2.2. Effective Date
    The licenses granted in Section 2.1 with respect to any
Contribution become effective for each Contribution on the date the
Contributor first distributes such Contribution.
    2.3. Limitations on Grant Scope
    The licenses granted in this Section 2 are the only rights
granted under this License. No additional rights or licenses will be
implied from the distribution or licensing of Covered Software under
this License. Notwithstanding Section 2.1(b) above, no patent
license is granted by a Contributor:
      (a) for any code that a Contributor has removed from
Covered Software; or
      (b) for infringements caused by: (i) Your and any other
third party's modifications of Covered Software, or (ii) the
combination of its Contributions with other software (except as part
of its Contributor Version); or
      (c) under Patent Claims infringed by Covered Software in
the absence of its Contributions.
    This License does not grant any rights in the trademarks,
service marks, or logos of any Contributor (except as may be
necessary to comply with the notice requirements in Section 3.4).
    2.4. Subsequent Licenses
    No Contributor makes additional grants as a result of Your
choice to distribute the Covered Software under a subsequent version
of this License (see Section 10.2) or under the terms of a Secondary
License (if permitted under the terms of Section 3.3).
    2.5. Representation
    Each Contributor represents that the Contributor believes its
Contributions are its original creation(s) or it has sufficient
rights to grant the rights to its Contributions conveyed by this
License.
    2.6. Fair Use
    This License is not intended to limit any rights You have
under applicable copyright doctrines of fair use, fair dealing, or
other equivalents.
    2.7. Conditions
    Sections 3.1, 3.2, 3.3, and 3.4 are conditions of the licenses
granted in Section 2.1.
  3. Responsibilities
    3.1. Distribution of Source Form
    All distribution of Covered Software in Source Code Form,
including any Modifications that You create or to which You
contribute, must be under the terms of this License. You must inform
recipients that the Source Code Form of the Covered Software is
governed by the terms of this License, and how they can obtain a
copy of this License. You may not attempt to alter or restrict the
recipients' rights in the Source Code Form.
    3.2. Distribution of Executable Form
    If You distribute Covered Software in Executable Form then:
      (a) such Covered Software must also be made available in
Source Code Form, as described in Section 3.1, and You must inform
recipients of the Executable Form how they can obtain a copy of such

Source Code Form by reasonable means in a timely manner, at a charge
no more than the cost of distribution to the recipient; and

     (b) You may distribute such Executable Form under the terms
of this License, or sublicense it under different terms, provided
that the license for the Executable Form does not attempt to limit
or alter the recipients' rights in the Source Code Form under this
License.

    3.3. Distribution of a Larger Work

    You may create and distribute a Larger Work under terms of
Your choice, provided that You also comply with the requirements of
this License for the Covered Software. If the Larger Work is a
combination of Covered Software with a work governed by one or more
Secondary Licenses, and the Covered Software is not Incompatible
With Secondary Licenses, this License permits You to additionally
distribute such Covered Software under the terms of such Secondary
License(s), so that the recipient of the Larger Work may, at their
option, further distribute the Covered Software under the terms of
either this License or such Secondary License(s).

    3.4. Notices

    You may not remove or alter the substance of any license
notices (including copyright notices, patent notices, disclaimers of
warranty, or limitations of liability) contained within the Source
Code Form of the Covered Software, except that You may alter any
license notices to the extent required to remedy known factual
inaccuracies.

    3.5. Application of Additional Terms

    You may choose to offer, and to charge a fee for, warranty,
support, indemnity or liability obligations to one or more
recipients of Covered Software. However, You may do so only on Your
own behalf, and not on behalf of any Contributor. You must make it
absolutely clear that any such warranty, support, indemnity, or
liability obligation is offered by You alone, and You hereby agree
to indemnify every Contributor for any liability incurred by such
Contributor as a result of warranty, support, indemnity or liability
terms You offer. You may include additional disclaimers of warranty
and limitations of liability specific to any jurisdiction.

  4. Inability to Comply Due to Statute or Regulation

  If it is impossible for You to comply with any of the terms of
this License with respect to some or all of the Covered Software due
to statute, judicial order, or regulation then You must: (a) comply
with the terms of this License to the maximum extent possible; and
(b) describe the limitations and the code they affect. Such
description must be placed in a text file included with all
distributions of the Covered Software under this License. Except to
the extent prohibited by statute or regulation, such description
must be sufficiently detailed for a recipient of ordinary skill to
be able to understand it.

  5. Termination

    5.1. The rights granted under this License will terminate
automatically if You fail to comply with any of its terms. However,
if You become compliant, then the rights granted under this License
from a particular Contributor are reinstated (a) provisionally,
unless and until such Contributor explicitly and finally terminates
Your grants, and (b) on an ongoing basis, if such Contributor fails

to notify You of the non-compliance by some reasonable means prior to 60 days after You have come back into compliance. Moreover, Your grants from a particular Contributor are reinstated on an ongoing basis if such Contributor notifies You of the non-compliance by some reasonable means, this is the first time You have received notice of non-compliance with this License from such Contributor, and You become compliant prior to 30 days after Your receipt of the notice.

 5.2. If You initiate litigation against any entity by asserting a patent infringement claim (excluding declaratory judgment actions, counter-claims, and cross-claims) alleging that a Contributor Version directly or indirectly infringes any patent, then the rights granted to You by any and all Contributors for the Covered Software under Section 2.1 of this License shall terminate.

 5.3. In the event of termination under Sections 5.1 or 5.2 above, all end user license agreements (excluding distributors and resellers) which have been validly granted by You or Your distributors under this License prior to termination shall survive termination.

 6. Disclaimer of Warranty

 Covered Software is provided under this License on an "as is" basis, without warranty of any kind, either expressed, implied, or statutory, including, without limitation, warranties that the Covered Software is free of defects, merchantable, fit for a particular purpose or non-infringing. The entire risk as to the quality and performance of the Covered Software is with You. Should any Covered Software prove defective in any respect, You (not any Contributor) assume the cost of any necessary servicing, repair, or correction. This disclaimer of warranty constitutes an essential part of this License. No use of any Covered Software is authorized under this License except under this disclaimer.

 7. Limitation of Liability

 Under no circumstances and under no legal theory, whether tort (including negligence), contract, or otherwise, shall any Contributor, or anyone who distributes Covered Software as permitted above, be liable to You for any direct, indirect, special, incidental, or consequential damages of any character including, without limitation, damages for lost profits, loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses, even if such party shall have been informed of the possibility of such damages. This limitation of liability shall not apply to liability for death or personal injury resulting from such party's negligence to the extent applicable law prohibits such limitation. Some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages, so this exclusion and limitation may not apply to You.

 8. Litigation

 Any litigation relating to this License may be brought only in the courts of a jurisdiction where the defendant maintains its principal place of business and such litigation shall be governed by laws of that jurisdiction, without reference to its conflict-of-law provisions. Nothing in this Section shall prevent a party's ability to bring cross-claims or counter-claims.

 9. Miscellaneous

 This License represents the complete agreement concerning the

subject matter hereof. If any provision of this License is held to
be unenforceable, such provision shall be reformed only to the
extent necessary to make it enforceable. Any law or regulation which
provides that the language of a contract shall be construed against
the drafter shall not be used to construe this License against a
Contributor.
   10. Versions of the License
      10.1. New Versions
      Mozilla Foundation is the license steward. Except as provided
in Section 10.3, no one other than the license steward has the right
to modify or publish new versions of this License. Each version will
be given a distinguishing version number.
      10.2. Effect of New Versions
      You may distribute the Covered Software under the terms of the
version of the License under which You originally received the
Covered Software, or under the terms of any subsequent version
published by the license steward.
      10.3. Modified Versions
      If you create software not governed by this License, and you
want to create a new license for such software, you may create and
use a modified version of this License if you rename the license and
remove any references to the name of the license steward (except to
note that such modified license differs from this License).
      10.4. Distributing Source Code Form that is Incompatible With
Secondary Licenses
      If You choose to distribute Source Code Form that is
Incompatible With Secondary Licenses under the terms of this version
of the License, the notice described in Exhibit B of this License
must be attached. Exhibit A — Source Code Form License Notice
This Source Code Form is subject to the terms of the Mozilla Public
License, v. 2.0. If a copy of the MPL was not distributed with this
file, You can obtain one at http://mozilla.org/MPL/2.0/.
If it is not possible or desirable to put the notice in a particular
file, then You may include the notice in a location (such as a
LICENSE file in a relevant directory) where a recipient would be
likely to look for such a notice.
You may add additional accurate notices of copyright ownership.
Exhibit B — "Incompatible With Secondary Licenses" Notice
This Source Code Form is "Incompatible With Secondary Licenses", as
defined by the Mozilla Public License, v. 2.0.

This LICENSE AGREEMENT is between the Corporation for National Research Initiatives, having an office at 1895 Preston White Drive, Reston, VA 20191 ("CNRI"), and the Individual or Organization ("Licensee") accessing and otherwise using Python 1.6, beta 1 software in source or binary form and its associated documentation, as released at the www.python.org Internet site on August 4, 2000 ("Python 1.6b1").

2. Subject to the terms and conditions of this License Agreement, CNRI hereby grants Licensee a non-exclusive, royalty-free, world-wide license to reproduce, analyze, test, perform and/or display publicly, prepare derivative works, distribute, and otherwise use Python 1.6b1 alone or in any derivative version, provided, however, that CNRIs License Agreement is retained in Python 1.6b1, alone or in any derivative version prepared by Licensee.

Alternately, in lieu of CNRIs License Agreement, Licensee may substitute the following text (omitting the quotes): "Python 1.6, beta 1, is made available subject to the terms and conditions in CNRIs License Agreement. This Agreement may be located on the Internet using the following unique, persistent identifier (known as a handle): 1895.22/1011. This Agreement may also be obtained from a proxy server on the Internet using the URL:http://hdl.handle.net/1895.22/1011".

3. In the event Licensee prepares a derivative work that is based on or incorporates Python 1.6b1 or any part thereof, and wants to make the derivative work available to the public as provided herein, then Licensee hereby agrees to indicate in any such work the nature of the modifications made to Python 1.6b1.

4. CNRI is making Python 1.6b1 available to Licensee on an "AS IS" basis. CNRI MAKES NO REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED. BY WAY OF EXAMPLE, BUT NOT LIMITATION, CNRI MAKES NO AND DISCLAIMS ANY REPRESENTATION OR WARRANTY OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE OR THAT THE USE OF PYTHON 1.6b1 WILL NOT INFRINGE ANY THIRD PARTY RIGHTS.

5. CNRI SHALL NOT BE LIABLE TO LICENSEE OR ANY OTHER USERS OF THE SOFTWARE FOR ANY INCIDENTAL, SPECIAL, OR CONSEQUENTIAL DAMAGES OR LOSS AS A RESULT OF USING, MODIFYING OR DISTRIBUTING PYTHON 1.6b1, OR ANY DERIVATIVE THEREOF, EVEN IF ADVISED OF THE POSSIBILITY THEREOF.

6. This License Agreement will automatically terminate upon a material breach of its terms and conditions.

7. This License Agreement shall be governed by and interpreted in all respects by the law of the State of Virginia, excluding conflict of law provisions. Nothing in this License Agreement shall be deemed to create any relationship of agency, partnership, or joint venture between CNRI and Licensee. This License Agreement does not grant permission to use CNRI trademarks or trade name in a trademark sense to endorse or promote products or services of Licensee, or any third party.

8. By clicking on the "ACCEPT" button where indicated, or by copying, installing or otherwise using Python 1.6b1, Licensee agrees to be bound by the terms and conditions of this License Agreement. ACCEPT CWI LICENSE AGREEMENT FOR PYTHON 0.9.0 THROUGH 1.2
